The LUTCF® or Life Underwriter Training Council FellowSM professional designation program is the insurance-industry’s premier educational program to help agents acclimate to their new career. More than 62,000 LUTCF® designations have been conferred since 1984. In February of 2014, the College for Financial Planning and NAIFA partnered to create an all-new version of the LUTCF®. Thanks to direct collaboration with several top insurance companies, the program was redesigned with the industry’s needs in mind.

- You are new to the industry and are looking to develop fundamental prospecting, selling and practice management skills plus working knowledge of the four practice specialties.
- You are a financial professional seeking a broad understanding of the insurance industry and how it can impact financial planning and advising.
- You are insurance agency or home office staff seeking a comprehensive overview and an understanding of the business aspects of the industry.

The new LUTCF® is right for you if you identify with one or more of the following:
